

Teaching Psychology around the World

Dear Europlat attendees,

I'm on the committee for a Psychology Learning & Teaching group called ICOPE (International Council of Psychology Educators) and we have been working on the 4th volume of 'Teaching Psychology around the World' (to be published by Cambridge Scholars) for the last year. As you may know Prof. Sherri McCarthy was the primary editor of Volumes 1-3 (<http://www.cambridgescholars.com/teaching-psychology-around-the-world-39>), and very sadly Sherri passed away earlier this month. We are naturally dedicating this issue to Sherri and her vision to connect us all. I'm responsible for collecting chapters from Europe (other regions of the world are North America, Asia, Australasia, Latin America/Caribbean, Africa and Europe) and would like to invite Europlat attendees to submit a chapter within the next month. We still have space for a couple more chapters from researchers in Europe (approx. 3000-4000 words).

Dr. Jacqui Taylor

Chartered Psychologist, AFBPS, FHEA
Associate Professor Psychology Education
Psychology Department, Faculty of Science & Technology
